ROLE TITLE

Illuminate magazine

RESPONSIBILITIES & REQUIREMENTS

We have an online magazine from SB called Illuminate. We have a small dedicated team that has been working on this magazine for many months and the magazine is developing great content but for all the hard work that's being put in, there's not enough exposure for the magazine and not many people are even aware of it.

So we need help in the marketing and Social media and distribution side of the magazine.

We need someone to look at Ingenious outlets to get our magazine out there

Oversee effective distribution of the magazine: We have got good content but we're not getting adequate exposure.

Need to look at forms like elephant journals, online yoga, Huffington post, alternative spiritual websites and other magazines in which we can put our material like psychology today.

Oversee the long-term look at the platform in which the magazine is being presented.
